## **Outreach Activity**

Recognizing its privileged position as a premier institute of higher learning, Bhairab Ganguly College makes consistent efforts in fulfilling its social responsibility toward the downtrodden sections of society. The college authorities, staff and students believe that the true essence of empowerment lies in creating sustained forms of emancipation by generating lasting opportunities. An awareness of the plight of the marginalized and underrepresented is the antidote to the forces of self-centred gratification so prevalent in our consumerist generation. The college continues in its unflinching pledge to bring light to the lives of the underprivileged people of its 5 adopted villages at Ranibandh block in Bankura District of West Bengal. In addition to the multiple welfare projects conducting during several visits throughout the year 2019 at the village Javi and its vicinity, the college took the opportunity to extend further its project of enlightenment and empowerment during 3 fruitful outreach activities conducted in 2019. During its first outreach activity on August 15th, 2019, essential commodities such as books, education kit, umbrella etc were distributed among 50 school going children of Javi. Also, medicines and medical kits were distributed among villagers. Moreover, a health check-up camp was conducted among 300 tribal and nontribal villagers at Bagdiha Primary school. The members also took this opportunity to distribute 40 lanterns to school going children of the village Bagdiha. ## **Alumni Association Acitivity**

Alumni Association “Abahaman” was registered under West Bengal Act XXVI Of 1961 (S/2L/No 45458, dated 23rd November, 2015). It started with 70 members. Now in 2020-21, the number of members has increased to 307. The main objective of the Association is to foster strong bonds between Alumnae, Faculty and students of the college. It acts as a bridge between the Past and Present of college. Departmental Alumnae gatherings are also conducted. The Alumnus serves as a resource person for seminars and special lectures organised by the Department. Their guidance enhances offer for professional and career development. Abahaman has always been found to be enthusiastically participating in the cultural activity of college. Abahaman organises an annual alumni meet and is actively involved in local community welfare activities among slum dwellers in the neighbourhoods. In 2020-21, Alumni meeting was held on the Google meet platform. A decision was taken to sanitise the whole college by the end of May, 2021. It was also decided that a new Telegram group will be created to include as many Alumnae as possible. The fund must be raised in a more organised way such as through Google Pay/ PhonePe. There were national/international webinars, held in ten different subjects. About 200-250 members are present in the webinar. These Alumni lectures greatly enriched the minds of students as well as teachers in various aspects.

## **Outreach Acticity**

### **Extension Activities:**

Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year Bhairab Ganguly College has taken active initiative for extension activities and outreach programmes not only in the neighbouring municipality community but also in the adopted villages (Juvi in Bankura, West Bengal) and slum area (Prantik Nagar, Belgharia). Programmes like NSS, Swachh Bharat Abhiyan and other awareness activities introduced students towards various social issues coping with which is not possible only through classroom learning experience; and such initiatives have taught students to be more conscious and sensible about their society and institution as a whole.

These awareness programmes are helping these people to be more cautious about cleanliness, sanitization and healthy lifestyle. Belonging to a specific stratum of the society, many don't have enough access to various necessities due to socio-economic problems. These extension or outreach activities aim to make the living of atleast some people slightly better.

## **Unnat Bharat Abhiyan(UBA)**

**Theme: Self-sufficient infrastructure in village**

**Name of the Activity:** Distribution of Knitting machines (6) & Dice machine (2) for making Sal leaf plate  
**Name of the Village:** Chaltha & Ledapakur **The villages are located at** *Ranibandh Block of Bankura District of the state of West Bengal.*

**Date of implementation: 10.09.21**

**About the activity:** A team of 5 members from the college had conducted a distribution programme at two of the adopted villages, Ledapakur & Chaltha in the Ranibandh subdivision of Bankura District of West Bengal. The faculty members and students of the Institution conducted an elaborate awareness campaign on renewable energy in local primary schools where a large number of people had gathered and were successfully impacted by the lecture and interaction. We have distributed 6 Sewing/Knitting machines and 2 dice machines for making sal leaf plates. The college aims to facilitate the overall development of the adopted villages by combining knowledge and training. The solutions designed will cater to the immediate and long-term needs of the villages by making the villagers self-reliant through knowledge and practice.

**Theme: Clean and Green village** Distribution of Solar lanterns (30) We have also distributed 30 solar lanterns among the villagers of Chaltha&Ledapakur. These lanterns were distributed using the funding provided by UBA 2.0 Perennial Assistance programme. The objective behind this action was to illuminate the homes, which are deprived of a basic amenity, that of an electricity connection, in order to facilitate an environment conducive to the study hours necessary for school-going children in the village. The team also focused on the contribution technology can make through the spread of education, pursuing which is an activity which is hindered by the lack of basic amenities and facilities.

The gesture was very warmly received by the households, especially school children who became the direct beneficiaries of this action. The photographs bear testimony to the success of
