**Course Objective:**

- Students will understand the scope, nature, types and significance of tourism with special reference to Rural Tourism.
- The students will learn about the Indian culture and the stunning landscape, the virgity beauty of mother nature, the colorful and captivating capture of rural areas.
- The students will have an opportunity to gain experience and interest with various people working in different sectors by going at the grassroot level.
- Learn about socio-cultural impacts, recent trends, problems, and recommendations for improvement in future.
- Gain knowledge about developing this tourism for the benefit of the people both socially and economically.

**Course Introduction:**

- The concept of Rural Tourism is acquiring new dimensions with the passage of time. However, in India, it has always existed in some form as every Indian has roots in some village or another and they often keep returning to their roots. Now, of course, feeling bored up by the chaos in urban areas, the growing desire to take a break and relax in the pristine surroundings of the village is growing.
- Stunning landscapes, the virgin beauty of mother nature, the colourful and captivating culture of rural areas compel the travellers to head for Indian villages where they find the real essence of India. That is the reason the tourism industry is shifting its paradigm to Rural Tourism. It is the need of the hour.

**COURSE INTRODUCTION:**  
Yoga has always been an integral part of Indian culture. It is an invaluable gift of India's ancient tradition which is 5,000 years old. It is an ancient science and is a holistic approach to health and well-being. Yoga is a way of living that aims towards 'a healthy mind in a healthy body'. It stimulates a positive energy in our body, carries the nervous system to a more balanced state and detaches oneself from worldly stress. Starting college or university is an important time in our life. It might be the first time you have had to take care of yourself and at the same time, you are embarking on a new course which will be mentally challenging. Yoga is a perfect complement to your studies.

COLLABORATION WITH  
**INTERNAL QUALITY ASSURANCE CELL**  
**BHAIRAB GANGULY COLLEGE**

**COURSE INTRODUCTION:**

We all know that in India GST has already been introduced for bringing about some indirect tax rate in India on July, 2017. GST can be called as comprehensive indirect tax. GST has subsumed 17 indirect taxes levied by the State Governments and the Central Government under the previous indirect tax regime. GST has integrated various taxes on goods and services into one unified tax. As per Article 366 (12A) of the Indian Constitution, Goods and Services Tax is nothing but tax on supply of goods or services, or both, barring taxes on supply of alcoholic liquor for human consumption. Moreover, GST is not levied on petroleum products. It is an indirect tax levied on supply of goods and services, except on exempted goods and service as specified by the authority. Since the term used in Article 366 (12A) is 'supply' and not 'sale'. As a result, transfer of stock, branch transfers will also now get covered under GST. States can also impose tax on sale, within the state of alcoholic liquor for human consumption and on petroleum products.

**COURSE OUTCOME:**

<p>It is known to all that with the improvement in the ICT and expansion of volume of business computerized system of accounting becomes inevitable. From the earlier course students can learn more about GST and how to calculate GST payable for a particular concern using Tally software. This course will surely help students for getting a detailed idea about software and GST calculation. This course will enhance the employability of the students in the medium sized organisation.</p>	<p><b>Module-1: Overview and Scope of GST</b></p> <ul style="list-style-type: none"> <li>Overview and scope of GST</li> <li>Introduction and scope of supply</li> <li>Working in GST (GST/GST/IGST)</li> <li>Exempted and zero-rated supply</li> <li>Major GST provisions</li> </ul> <p><b>Module-2: GST Registration &amp; Assessment Process through Tally ERP</b></p> <ul style="list-style-type: none"> <li>Legal Provision applicable for GST Registration</li> <li>New Registration Process and Document Requirements</li> <li>GST Registration Number (GSTIN), GST Registration Certificate</li> <li>Classification, turnover and threshold of the GST registration</li> <li>Practical Exercise</li> </ul> <p><b>Module-3: Input Tax Credit (ITC) &amp; Output Tax</b></p> <ul style="list-style-type: none"> <li>Practical Exercise</li> <li>Practical Exercise</li> <li>Practical Exercise</li> </ul> <p><b>Module-4: Input Tax Credit (ITC) &amp; Output Tax</b></p> <ul style="list-style-type: none"> <li>Practical Exercise</li> <li>Practical Exercise</li> <li>Practical Exercise</li> </ul>	<p><b>Module-5: Tax Invoice &amp; Supply Invoice GST through Tally ERP</b></p> <ul style="list-style-type: none"> <li>Details of the Invoice, Receipt &amp; Statement of Tax Invoice, Bill of Supply, Credit Note, Debit Note</li> <li>Learning an introduction of GST Invoice and regular invoice</li> <li>Preparation of Bill of Supply for composite tax payer</li> <li>Practical Exercise</li> </ul> <p><b>Module-6: Filing of GST Returns through Tally ERP</b></p> <ul style="list-style-type: none"> <li>Types of return (GSTR) return and their format</li> <li>Procedure of Filing of GST Returns</li> <li>Payment of GST, Modes of Payment of Tax Liability through GST Credit/Debit</li> <li>Practical Exercise</li> </ul>
