Health Check-up Camp Report

Organized by Outreach Committee of Bhairab Ganguly College in Collaboration with Rotary Club, Kamarhati

Date: November 26, 2023

Venue: SFC Club, Belgharia

The Outreach Committee of Bhairab Ganguly College, in collaboration with Rotary Club, Kamarhati, successfully organized a Health Check-up Camp on November 26, 2023, at SFC Club, Belgharia. The initiative aimed to promote community health awareness and provide essential medical services to the local residents. The primary aim of the camp was to promote community health and well-being. A total of 58 individuals actively participated in the health check-up camp, reflecting the community's keen interest in prioritizing their health. The participants encompassed a diverse demographic, including people of different age groups and backgrounds.

The health camp witnessed active participation from the local community, with a significant turnout of residents eager to prioritize their health. The event served as an opportunity for individuals to engage with healthcare professionals, seek advice, and address health concerns.

The collaboration with Rotary Club, Kamarhati, played a pivotal role in the success of the health camp. Their support not only contributed to the availability of medical resources but also facilitated a seamless execution of the event. Participants expressed gratitude for the opportunity to receive healthcare services at their doorstep. The camp succeeded not only in diagnosing existing health issues but also in raising awareness about the significance of regular health check-up.

A team of dedicated volunteers, comprising students from Bhairab Ganguly College and members of Rotary Club, played a crucial role in the smooth execution of the camp. Their enthusiasm and commitment ensured that participants received personalized attention and guidance.

The health Check-up Camp organized by the Outreach Committee of Bhairab Ganguly College, in collaboration with Rotary Club, Kamarhati, was a resounding success. The event not only provided vital health services to the community but also fostered a sense of responsibility towards one's

health. Such initiatives are crucial in promoting a culture of health consciousness and well-being within the community.
